This is to certify that

Caunton Engineering Ltd

The objective of the Steel Construction Sustainability Charter is to develop steel as a sustainable form of construction under the three core aspects of sustainability, i.e., in terms of economic viability, social progress and environmental responsibility:

- For a Certificate a minimum scoring of eight
- For a Bronze Award a minimum scoring of fourteen
- For the Silver Award a minimum scoring of twenty-one
- For the Gold Award a minimum scoring of twenty-eight

**Has secured 28 points and achieved:
Gold Standard**
