

Norwich Union Building - Leeds

.....
Client

Norwich Union

Based in City Square, Leeds, this is a prestige eleven storey City Office Block for Norwich Union Insurance.

.....
Contractor

Shepherd Construction

The structural steelwork package of 1,200 tonnes included the detailed connection, design, fabrication and erection on an extremely confined site.

.....
Engineer

Abbey Hanson Rowe

One of the most notable features on this project was the onerous planning and programming of the steelwork deliveries to the site. Major road surrounded the site which formed an island in the centre of Leeds. Despite these severe limitations and restrictions, Caunton erected the steelwork in just 12 weeks.
